## Tie Club

Peyton

Ethan

Allie-Sue

Two weeks ago **Peyton Eubank**, **Ethan McGowan**, and **Allie-Sue Somsel** earned ties. These students all earned 100% on the first history test of the year and have been doing an amazing job of listening and learning about history every day. Great job everyone! Keep it going!

Bentyn

Coda

Last week **Bentyn Tapia** and **Coda Evitts** both earned a tie. These students earned ties for earning 100% on their science test responsibility and attitude. Emma always finishes her assignments and comes to class with a great attitude every day with a desire to learn and do her best. Great job Emma! Thank you for being a great example to the class.

Jakob

This week **Jakob Robinson** earned a tie. Mrs. Redder, the advanced math teacher at the middle school chose him for being a great job all around student with excellent behavior, participation, attitude, work completion, grades. He is a great young man and does everything that is expected! Congratulations Jakob!

**Math:** In math we worked through a review sheet today. Monday we will have a test on order of operations and multiplication and

division with decimals. Tuesday we will start on our unit on adding and subtracting fractions.

### Language Arts:

Students have been working on poetry this week. They have been looking at rhyme patterns and free verse. We have discussed how poetry can bring out emotion and connections. Next week we will be focusing on writing. Your child will be writing an informational essay on Jamestown.

**Spelling:** Spelling papers go home every Monday. Students need to write the spelling words twice on the front and complete the meaning on the back side. These papers are due back to school on Thursday.

**AR:** It is an expectation to read for 30 minutes each evening in order to reach the goal. Students are able to read five articles this marking period. They will also be reading a novel in class which they will be able to take a test on as well. Look for a new goal sheet to come home on Monday.

**Science:** The current focus in science is water as a resource. Students have learned about the importance of protecting this resource. This week they looked at documents and had to decide where to place a well. Please ask your child if they were able to survive.

**History:** In history we are now studying colonization. We have studied the lost colony of Roanoke and have found out what happened to the lost colony. We also found out why so many people died starting the colony of Jamestown. We are currently studying the Plymouth colony and will study all the colonies of England and why they are important. We also will learn about other colonies in the Americas.

Every other week when we send a newsletter home, Mrs. Mitchell and Mr. Alderink will be sending home **All-American Hero** sheets letting you know how your son/daughter is doing in the classroom. They should be bringing these home to show you, so please be looking for them. Students will earn up to 500 points in areas such as behavior, homework completion, participation, and grades. Students are All-American Heroes and earn a reward if they earn all 500 points. The Heroes this time are the following:

**Alderink:** Atticus Crowder, Kiera DeZelia, Peyton Eubank, Jace Holland, Brooklyn Holyfield, Jakob Robinson, Charli Roderick, Nolan Sager, Amelia Shaw, Jackson Swanson, Jamie Waldron, Aurora Webb, Mia Worthington

**Mitchell:** Wesley Foss, Emma Harbour, Mackenzie McGraw, Elaina Moore, Allie-Sue Somsel, Malinda Sorensen, Hunter Stokley, Joseph Treynor
