## **Dates to Remember:**

11/26/25-11/28/25 - NO SCHOOL - Thanksgiving Break

## **Supplies:**

Thank you to everyone who has contributed to our classroom so far this year. If anyone ever wants to donate to the class snacks, that would be awesome!!

## **Other Important Reminders:**

**-Please check Class Dojo for important information regarding classroom updates!**

**-Please send your child to school with a sweater of some sort, the weather is starting to change!**

**-REMINDER: Homework is sent out Monday-Thursday, and I will always send a message if the students do not have it that particular day.**

**-Thank you to everyone who helped out to make the Halloween party a success!**

---

**Math:** The class is almost to the middle of Mission 3 in Math this week. This Mission teaches students the lifelong skills of multiplying and dividing big numbers. Students learn strategies that will allow them to multiply and divide on paper and in their heads. At home, please be practicing multiplication facts. I have noticed that we all need a little practice multiplying a number by 6, 7, and 8. This will benefit your child as they work through this long unit!

**Science:** We are on a break! Starting back up next week!

**Social Studies:** We just finished our Government unit in Social Studies. The students did FANTASTIC on this unit, and I am so incredibly proud of them. They all worked so hard to understand the three branches of government and it definitely paid off on our field trip. We had such a great time seeing everything we learned in person!

**Language Arts:** This week in Wonders, we talked about Argumentative texts. We will be writing opinion pieces very soon and I am very excited for that! Please read with your child for at least 20 minutes every night, and please ask them about their AR!

Not many announcements this week, but I am so proud of the students in this classroom! Have a wonderful weekend!

Do not be afraid to reach through email or phone!
