ROOM 106 NEWS

Upcoming Dates to Remember:

Oct. 3 - Magician Assembly

Oct. 15 - Picture Makeup Day

Oct. 20 - No School

Oct. 22 - Half

Hello Families,

Our students continue to demonstrate an amazing understanding of Woodview's rules and expectations. The students are also doing an excellent job meeting our expectations in the classroom! They continue to give forth great effort each day. We are still in search of our 10th classroom B-Slip to earn our first classroom celebration.

As the weather begins to change please help your student remember to bring appropriate clothing for outdoors. If you need any assistance in getting coats or other items please let us know.

Daily Folders- Please help your student remember to bring their folder back and forth from school and home. Please feel free to put any notes in from home.

Goal Week- This past week was goal week in Belding Area Schools. The students reviewed their NWEA MAP growth goals for the year and developed an action plan to meet their goal. They also developed a personal goal for the school year!

In the Classroom:

Mathematics: We wrapped up our first math unit this week. Please keep a look out for students to bring their test home with them. It can be extremely beneficial to go over the test with your student. We will be starting our new unit, Place Value and Problem Solving with Units of Measure, next week.

English-Language Arts- We studied argumentative texts, focusing on how national landmarks help us understand our country's story. Students focused on determining the main idea of the text

and recognizing key details. Our upcoming week we will be reviewing our first 5 weeks of Wonders and the genres we studied.

Science/Social Studies: We are wrapping up our first science unit, Weather and Climate. Students ended the unit studying natural hazards and engineering. They worked through a hands on lesson problem solving ways to keep a house blowing away in a windstorm. They will take the science test and review next week.

Spotlight Students:

Hunter: Hunter has done a great job following our classroom expectations and routines. Hunter always looks to include others and does a great job participating in class. Outside of school Hunter is on the 3rd grade football team!

Skyler: Skyler is a great student in our classroom. She is hard working and kind to all. Skyler looks for ways to participate during all subjects. Outside of school Skyler loves to play with her dogs and cats.
